

About the Conference

Information and Communication Technologies (ICT) have transformed the way we live, work and communicate. The widespread adoption of smartphones and other mobile devices has made it possible to access information and communicate from virtually anywhere. Using cloud computing, the use of remote servers to store, manage and process data has revolutionized the way businesses and individuals store and access information. The development of AI algorithms has enabled machines to perform tasks that were previously only possible for humans, such as image and speech recognition, and natural language processing. The proliferation of interconnected devices, from wearable technology to smart homes and cities, has created new opportunities for data collection and analysis.

International Conference on Advanced Research in Information and Communication Technologies (ICARICT 2023) is an event that brings together experts, researchers, professionals, and practitioners in the field to present, discuss and exchange their ideas, innovations and research findings on various topics related to information and communication technologies. The conference aims to promote the advancement of technology and foster collaboration between participants from different regions and industries. The conference can encourage and inspire participants to pursue new research and innovation, and provide them with the tools and resources they need to do so. The conference provides a platform for the participants to build relationships with other professionals, researchers and students in the field, which can lead to new collaborations and opportunities.

Registration Details

Category	Foreign Delegate	Indian Delegate
Students/Faculty	6 USD	500 INR
Research Scholars/ Industrial Person	7 USD	600 INR

Important Dates

Late Date For Submission
& Registration : 06.04.2023
Intimation of Acceptance : 12.04.2023

Check out our website for more information : www.jpcoe.ac.in

College Vision

To evolve as Centre of Excellence in Teaching, Innovative Research and Consultation in Engineering and Technology and to empower the rural youth with technical knowledge and professional competence thereby transposing them as globally competitive and self-disciplined technocrats.

College Mission

To inculcate technical knowledge and soft skills among rural students through student-centric learning process and make them as competent Engineers with professional ethics to face the global challenges, thus bridging the 'rural-urban divide'.

About the College

JP College of Engineering is a top-notch technical institute located near the culturally rich Tenkasi city, Tamil Nadu. It was established in 2008 run by the DMI Foundation, under the supervision of the Daughters of Mary Immaculate and Fathers of Missionaries of Mary Immaculate. It has aimed to provide quality technical education to rural students. The college is affiliated with Anna University, Chennai and has been approved by the AICTE, New Delhi. It offers six undergraduate programs in the fields of Civil, CSE, IT, ECE, EEE, and Mechanical Engineering.

The institute boasts excellent facilities, including well-equipped labs with cutting-edge equipment and Centers of Excellence for research, training, and consultation. It has also signed MoU with various research organizations and industries around the world to enhance industry interaction and prepare students for the workforce. The goal of the college is to produce engineers who possess strong interpersonal skills with a sense of social responsibility.

Selected papers will be published in - Journal of Emerging Technologies and Innovative Research (JETIR)
ISBN Number: 978-93-91115-89-0

Note: The details regarding the additional processing fee for the journal publication will be informed through the mail to the registered participants.

ICARICT 2023

International conference on
Advanced Research in

Information and Communication Technologies

In Hybrid Mode

Date :
19th & 20th April 2023

Organised by :
Department of CSE & ECE

JP COLLEGE OF ENGINEERING

TENKASI, TAMILNADU, INDIA

RUN BY DMI SISTERS

APPROVED BY AICTE, AFFILIATED TO ANNA UNIVERSITY, CHENNAI

98426 71027, 94433 06351 | hicarict2023@gmail.com

Keynote Speakers

Prof. Ir. Dr. LEONG Wai Yie
Pro Vice Chancellor
INTI International University, Malaysia

Dr. Ved Prakash Mishra
Associate Professor - Computer Science and Engineering
Amity University Dubai, UAE

Dr. A. Kannan
Sr. Professor, School of Computer Science and Engineering
Vellore Institute of Technology, Vellore

Dr. Shankar K
Assistant Professor, Grade-II
Department of Electronics & Instrumentation Engineering
National Institute of Technology, Silchar

Organizing Committee

Chief Patron

Rev. Fr. Dr. J. E. Arul Raj
Founder & Chairman
DMI & MMI Group of Institutions

Patrons

Rev. Sr. S. Gnana Selvam, DMI
Managing trustee

Rev. Sr. S. Xavier Selvi, DMI
Incharge- Higher Education

Rev. Sr. B. Hamlet, M.E., DMI
Administrator, JPCOE

Organizing Chair

Dr. M. Rajkumar, M.E., Ph.D.,
Principal, JPCOE

Convenors

Dr. S. D. Jayavathi, M.E., Ph.D.,
HoD, ECE

Dr. P. Nancy, M.E., Ph.D.,
HoD, CSE

Co-Convenors

Dr. E. A. Mohammed Ali, M.E., Ph.D.,
Assistant Professor/ECE

Mrs. Chermakkani, M.E.,
Assistant Professor/CSE

Advisory Committee

Dr. Shanmugan Joghee
Professor,
Skyline University College
Sharjah, UAE

Dr. S. Kother Mohideen
Professor, Ambo University
Ethiopia

Dr. Priestly Shan,
Dean Academic Affairs,
Chandigarh University, Chandigarh

Dr. Sheifali Gupta,
Chitkara University Research and Innovation Network (CURIN)
Chitkara University, Punjab

Dr. N. B. Balamurugan
Professor,
Department of ECE,
Thiagarajar College of Engineering, Madurai

Dr. Muthurajkumar
Assistant Professor,
Department of Computer Technology,
MIT Anna University, Chennai

Dr. T. Cynthia Anbuselvi
Assistant Professor
SEA College of Engineering and Technology, Bangalore

Dr. Narayanan Prasanth
Associate Professor Grade 1
Department of Database Systems
Vellore Institute of Technology, Vellore

Dr. K. C. Sriharipriya
Associate Professor,
School of Electronics Engineering (SENSE),
Vellore Institute of Technology, Vellore

Thrust Areas CSE

- Block Chain
- Cyber Security
- IoT
- Big Data
- Data Mining
- Data Science
- Enterprise Computing
- Machine Learning
- Bio-Informatics
- Natural Language Processing
- Cloud Computing
- Data Analytics
- Artificial Intelligence
- Robotic process automation (RPA)
- Neural Networks

Thrust Areas ECE

- Robotics & Intelligent Systems
- Digital /Image/Speech Signal Processing
- Antenna Design
- Digital VLSI Design & Optimization
- Wireless Communication
- Bio-Signal Processing
- RF & Microwave
- Embedded System
- Medical Electronics
- Advances Radiation Pattern
- Digital Communication
