HOLY FATHER'S MESSAGE

For the year 2020 the Message is this: ‘Peace as a journey of hope’, a journey in which progress is made through dialogue, reconciliation and ecological conversion. To those who are imprisoned and are tempted to close in on themselves,” he said, “Jesus reopens a horizon of hope, starting with a small glimmer of light.”

“His salvation is not magical, but it is a ‘patient’ salvation, that is, it involves the patience of love, which takes on wickedness and removes its power. The patience of love: love makes us patient, "Thus the year that begins will be a journey of hope and peace, not through words, but through daily gestures of dialogue, reconciliation and care for creation.”.
